Tu caso. Your new home. Where you are living as an exchange student with a Spanish family (Los Gomez). The mother's name is Lola. The father is Jose. They have a 26-year-old daughter that lives with them, whose name is Marta. (In Madrid, with the high unemployment, it is normal for children to live with their parents until they get married and buy a house. This typically happens at around the age of 30. Many Madrilenos are in universities until the age of 25.)

As part of your costs for the four-month study program, you are paying the Gomez family for lodging and meals. It's a good idea to eat here as much as possible, since the restaurants of Madrid are quite expensive, and you are on a tight budget!
